

## "We Grow Together in God's Love"

Headteacher: Mrs. A. Wainwright

Deputy Headteacher: Mrs. B. Jones

### Dear Parents and Carers,

We are excited to introduce a new online learning platform called **Seesaw** at our school. Seesaw will support children's learning and allow you to see what they have been doing in class. Your child's **home login details** will be sent separately, along with instructions on how to access the platform. You will also receive a QR code for the parent portal- just scan the QR to enable messaging.

**Please ensure your child only uses their home login at home** and does not use their school login, which is for use within the classroom only.

Below are the **key ways Seesaw will be used**:

#### 1) Communication with Parents

- **Reception and Nursery only:** Seesaw will act as a **two-way communication system**, allowing parents to share insights and observations about their child's learning at home. This supports the Early Years Framework's emphasis on working together with parents to understand and support children's learning (**We will no longer be using ClassDojo as a communication tool**).
- **Years 1–6:** Seesaw will be used to **share key messages and updates** for your child's class or whole school events. Please note that staff will not monitor Seesaw inboxes, so if you need to speak to your child's teacher, please contact the school office or catch them at the beginning or end of the school day.

#### 2) Catching Up After Absence

If your child is absent, they may use Seesaw to **access missed learning** using the calendar function. This allows them to consolidate what they missed at school and stay up to date with class activities.

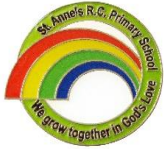

#### 3) Individual Tasks and Targeted Support

Teachers may set **individual tasks** on Seesaw to support specific learning needs. For example, if a child is struggling with a particular skill (e.g., times tables or spelling), a task will be shared for practice at home.

#### 4) Sharing and Consolidating Learning

Seesaw allows children to **share their learning with you** and consolidate what they have been doing in class.

We hope you enjoy using Seesaw with your child and supporting their learning journey. Thank you for your continued support!
